Subject: DC Franche Site, Chicago, Illinois, Cook County, Illinois.**POLREP#:** Ten (10) and Final**II. BACKGROUND****Site ID No.:** OZ**Delivery Order No:** 5001-05-652**Response Authority:** CERCLA (ERB)**CERCLA Incident Category:** Time-Critical Removal**CERCLIS ID #:** ILD005121736**NPL Status:** Non-NPL**Start Date:** August 15, 1995**Completion Date:** November 9, 1995**III. RESPONSE INFORMATION****A. Initial Situation:** See POLREP #1.**B. Actions Taken:**

The following actions were accomplished during the period of October 23-27, 1995:

1. ERCS completed using dry ice to clean out three resin tanks. Five 55-gal drums were filled with resin material.
 2. Once the drums of latex liquids were emptied into the tanker truck for disposal on 10/20, 25 drums of remaining latex solids were generated.
- 7614-

3. On 10-26, the following waste was transported to WRR Environmental, Eau Claire, Wisconsin for disposal: 6 one-cubic yard boxes of small paint containers; 12 drums and 4 one-cubic yard boxes of pigments; 1 drum of flammable solid; 5 drums of resins; 1 drum of flammable liquid; 25 drums of latex solids; 2 drums of aerosol containers; and 2 drums of hazardous waste solids.
4. On 10-27, 4 drums and 1 250-gallon tote of caustic liquids were transported to Heritage Environmental Services, Lemont, Illinois for disposal.
5. ERCS conducted general cleanup of site.
6. On 10-27, ERCS was demobilized.

The following actions were accomplished during the period of October 30 through November 2, 1995:

1. The final box truck of scrap metal was loaded.
2. Advanced Environmental Technical Services (AETS) was on site and packaged all lab chemicals on site.
3. On 11-2, 17 lab packs were transported to Trade Waste Incineration, Sauget, Illinois, for disposal.
4. A few extra pigment containers were discovered on site.

The following actions were accomplished during the period of November 6-9, 1995:

1. The remaining pigment containers were packaged and sent to the USEPA/Solar Paint Removal Site with OSC Brad Stimple for disposal on 11-6.
2. The final load of scrap metal was taken off site.
3. All vendor services were terminated and all equipment was demobilized from site.
4. Keys to the gate were turned over to Manufacturing Bank representative Mike Shields.

IV. NEXT STEPS

1. All removal objectives for the DC Franche site have been completed.

V. KEY ISSUES

No key issues to report.
